Twitter is becoming more popular than ever. It is an "online cocktail party" sort of site where people connect with each other. One of the ways to do that and capture attention without being Spammy is to enter quotes of motivation, success, love, inspiration, and leadership into your tweetstream (flow of tweets). Other people pick up on them and RT back what you have tweeted when what you tweet moves them. When they do this, you see it in your @ replies section. And then you can reply to them and tweet:

TU for the RT

Or

Thank you for the RT

At Twitter you have 140 characters to tweet. I have gathered quotes which all fit into that. In many cases I have already added the #quote. Feel free to add that where you wish. All of these quotes, ok, so gave you 1005 just in case I made an error, are 140 characters or fewer so they should all fit into the twitter update.

I am: <http://twitter.com/AprilBraswell>
